MINYON RESILIENCE NETWORK

Offline essentials

Save it. Print it. Keep it with your household plan.

A small reference pack for Minyon Falls, Repentance Creek, Upper Coopers Creek and Rosebank. Save it before you need it; fill in your own arrangements on paper.

000

Life-threatening emergency - Police, Fire or Ambulance

132 500

NSW SES emergency assistance - Flood, storm or tsunami

Before you need it

- [ ] Save this pack and your personalised disaster plan to your device.
- [ ] Open both files in airplane mode to check that you can find and read them.
- [ ] Print a copy and keep it with your emergency kit.
- [ ] Confirm your Area Contact and a backup contact; record their numbers on paper.
- [ ] Discuss early decisions, transport, animals and care needs with your household.

This is a preparation reference, not a live warning, evacuation order or promise of safe access. Roads, services and conditions can change. Follow emergency-service advice and your household plan. Never enter floodwater.

Community halls and meeting places are not automatically open evacuation centres. MRN Area Contacts are volunteers, not an emergency service.

MINYON RESILIENCE NETWORK

Our contacts & connections

Fill this in after confirming the details. Keep completed copies private.

My Area Contact / number

Backup neighbour / number

Household contact / number

Contact outside our area / number

Agreed radio channel / check-in arrangement

Local broadcast station / frequency

Where our emergency kit is kept

Where our full disaster plan is kept

MRN radio check: last Monday of each month. Time announced to Area Contacts via WhatsApp. Confirm your channel and arrangements before a disruption.

Need help finding your Area Contact? Use the region map while online, or email info@minyonresiliencenetwork.com.

Preparation reference. Conditions and services can change.

MINYON RESILIENCE NETWORK

Our household arrangements

Use alongside your full disaster plan. Agree the details with everyone involved.

Our agreed early-leaving trigger

Where we plan to go / contact there

Transport and assistance arrangements

Alternative if our usual access road is closed

Animal and care arrangements

How we will check in if phones are down

Checked with household on / next review date

Do not treat a remembered route as safe. Check current warnings and official road information before travel. Never enter floodwater.

Preparation reference. Conditions and services can change.

MINYON RESILIENCE NETWORK

Kit check & useful sources

Tailor this short list to your household. Check contents and expiry dates regularly.

- [ ] Drinking water and shelf-stable food; a manual can opener.
- [ ] Torch, spare batteries and a battery-powered or hand-crank radio.
- [ ] First aid supplies; regular medicines, prescriptions and essential aids.
- [ ] Phone, charging cable, charged power bank and spare keys.
- [ ] Copies of essential documents and some cash, stored securely.
- [ ] Clothing, sturdy shoes, toiletries and personal comfort items.
- [ ] Animal food, water, leads or carriers; baby supplies if needed.
- [ ] Your written plan, contact list and locally relevant maps.
